

Ready for a new owner is this 1960 Cessna 210. Low total time on both the airframe and engine. With 4 seats and 1,005 lb useful load and a considerably less than a 182, this airplane is ready for cross-country flying. Landing gear saddles replaced with new 200 hours ago. New paint and interior both in very good condition. Flap gap seals, slick start mag, GAMI injectors are just some of the upgrades. Current owner of 25+ years has always hangared the airplane in the dry climate of his private strip just west of Grand Junction, CO.
