# 2018 Vans RV-12 – N26VP

The RV-12 is the culmination of many years of experience in manufacturing the best aircraft kits available. N26VP represents a two-seat all-metal side-by-side airplane with a large cabin that seats the occupants ahead of the wing spar for maximum room and superb visibility.

The RV-12 meets the certification standards of the Light Sport Aircraft category. It is powered by a Rotax 912ULS 100 hp engine. Equipped with a new ground-adjustable Sensenich composite propeller — light, smooth and affordable. The low empty weight allows a generous useful load — two 210 lbs. people, 20 gallons of fuel and 50 lbs. of baggage — something rare in the Light Sport Category. The RV-12 has all the performance the Light Sport Category permits as well as excellent handling qualities at all speeds.

It is very docile on take-off and landing and pleasantly quick and agile in the air.

Listed: $128,500.

# 2018 Vans RV-12 – N26VP

## Aircraft Summary

| | |
|---|---|
| Aircraft Type: | Vans RV-12 |
| Year of Manufacture: | 2018 |
| Serial Number: | 121011 |
| Registration: | N26VP |

## Aircraft Highlights

- Dynon SV-HDX 1100
- Touch Screen EFIS
- Garmin GTR 200
- Dynon SV-GPS 2020
- Dynon SV-Transponder 261
- Mode S
- Dynon SV-ADS-B 472
- Flight Director SV-MDX 1100
- Moving Map SV-MDX 1100
- HSI Dynon SV-HDX 1100
- ACK ELT E04
- Dynon Coupled 2 Axis Autopilot on Independent controller
- Inflight Music to headsets
- HD Battery
- Always Hangared
- No Damage History

## General Details

### Airframe

| | |
|---|---|
| Total Time: | 120 Hours |
| Annual Due: | September 2023 |
| IFR Certified, Due: | NA |
| ELT Due: | ACK E04 9/27 |
| Number of Seats: | 2 |

### Engines

| | |
|---|---|
| SMOH: | 120 Hours |
| STOH: | 120 Hours |
| Props: | Sensenich composite propeller, 120 Hours |

### Avionics

Dynon SV-HDX 1100 Comprehensive Systems

### Interior & Exterior

| | |
|---|---|
| Interior: Custom red / Gray | 10/10 |
| Exterior: Audi Gray with red overlay | 8/10 |
