

Kitfox Series 7 SS - N27JE

For sale: An immaculate 2018 Kitfox Series 7 Super Sport, crafted with precision by an experienced engineer. The builder/owner crafted this aircraft with an attention to detail that has no equal. His "turtle deck cover" was so well thought out, that Kitfox asked if they could use his design in their future kits. He designed a two-position door handle that allows for the door to be taxied in a venting position. Reinforced silicone coolant hoses were used in place of the standard Rotax hoses. This is truly a one-of-a-kind, exceptionally well-built STOL aircraft. Don't miss out on this Kitfox Series 7 Super Sport that is turn-key ready for years of enjoyment by its next owner.
